# RM SMS

## RM SMS

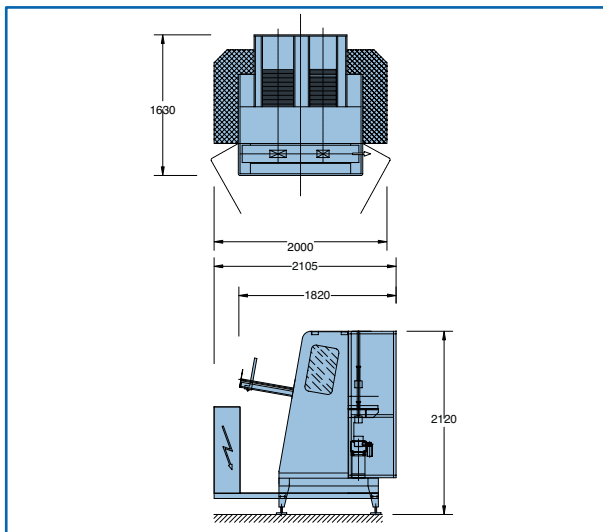

The Rama's last-born machine is the multipack machine type RM SMS, suitable to introduce the products in a sleeve starting from pre-glued cartons. The RM SMS machine is ideal for the food industry products (i.e. ready meals).

# RM F23

## RM F23

The RM F23, forming machine is suitable to erect cartons by means of standard locks, not water tight and is built on a special aluminium frame and can be equipped with single, double or triple forming head.
